Mr. Charles Brandt
Chief Conservator
Provincial Archives of Manitoba
Main Floor, 200 Vaughan Street
Winnipeg, Manitoba
R3C 1T5

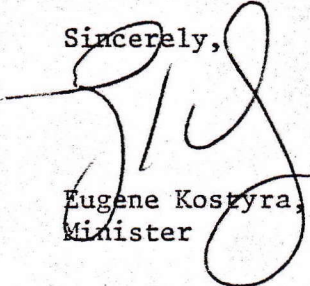

Dear Charles:

With regret I have learned that you are retiring from your position as Chief Conservator, Artistic and Historic Works on Paper, with the Provincial Archives. I gather that you are retreating to your land on Vancouver Island. I am glad to hear that you will continue to contribute your skills as a conservator by doing some work in the private sector. I am sure you will leave enough time to refine your fishing skills even further.

You have made a major contribution to the protection of Manitoba's heritage, and have guided the development of an outstanding laboratory and related facilities. You must have a sense of pride in this accomplishment, and I am grateful that Manitoba attracted your interest. The preservation of our priceless heritage has been substantially enhanced by your role here.

Good luck with your future activities. With my best wishes,

Sincerely,

Eugene Kostyra,
Minister
