TO WHOM IT MAY CONCERN

For the past five years the Loch Gallery has worked with Charles Brandt in all aspects of restoration of works of art on paper.

I have found Mr. Brandt to be most helpful and very well informed as to mediums such as pastel, colour woodblock prints, watercolours and etchings. He has successfully repaired tears in paper and removed pieces from almost every type of backing.

We felt very comfortable in receiving the consistent quality of the work and our clients certainly appreciated his knowledge and capabilities.

Although it must be difficult to estimate costs in this type of work, I have found Mr. Brandt to be both fair and reasonable in his charges.

We have already recommended Mr. Brandt to a number of galleries in Western Canada, who have forwarded pieces to him and have also been very pleased with the results.

As a gallery owner I am sorry to see Mr. Brandt leave Winnipeg to go to British Columbia but we will continue to forward to him work which requires his attention, as we feel very confident that we can ship the pieces and the pleasant relationship will remain intact.

Yours truly

DAVID LOCH
